INFORMATION CIRCULAR
As at and dated January 11, 2022
(unless otherwise noted)

GENERAL PROXY INFORMATION

Solicitation of Proxies

This information circular ("Information Circular") is furnished in connection with the solicitation of proxies by the management and the directors of Avalon Advanced Materials Inc. (the "Company") for use at the annual general meeting of the shareholders of the Company (the "Meeting") to be held via teleconference at 10:00 a.m. (Toronto time) on Thursday, February 24, 2022, and at all adjournments thereof for the purposes set forth in the accompanying notice of the Meeting (the "Notice of Meeting"). The solicitation of proxies will be made primarily by mail, using notice and access for Non-registered Shareholders (as defined below), and may be supplemented by telephone or other personal contact by the directors, officers and employees of the Company. Directors, officers and employees of the Company will not receive any extra compensation for such activities. The Company may also retain, and pay a fee to, one or more professional proxy solicitation firms to solicit proxies from the shareholders of the Company in favour of the matters set forth in the Notice of Meeting. The Company may pay brokers or other persons holding common shares of the Company ("Common Shares") in their own names, or in the names of nominees, for their reasonable expenses for sending proxies and this Information Circular to beneficial owners of Common Shares and obtaining proxies therefrom. The cost of the solicitation will be borne directly by the Company.

No person is authorized to give any information or to make any representation other than those contained in this Information Circular and, if given or made, such information or representation should not be relied upon as having been authorized by the Company. The delivery of this Information Circular shall not, under any circumstances, create an implication that there has not been any change in the information set forth herein since the date hereof.

Non-Registered Shareholders

Only registered shareholders of the Company, or the persons they duly appoint as their proxyholder, are entitled to attend and vote at the Meeting. However, in many cases, Common Shares beneficially owned by a person (a "Non-registered Shareholder") are registered either:

(a) in the name of an intermediary (an "Intermediary") with whom the Non-registered Shareholder deals in respect of the Common Shares (Intermediaries include, among others: banks, trust companies, securities dealers or brokers, trustees or administrators of a self-administered registered retirement savings plan, registered retirement income fund, registered education savings plan and similar plans); or
(b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited, in Canada, and the Depository Trust Company, in the United States) of which the Intermediary is a participant.

In accordance with the requirements of National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer ("NI 54-101") of the Canadian Securities Administrators (the "CSA"), the Company is generally required to distribute copies of the Notice of Meeting, this Information Circular and its form of proxy or voting instruction form, as applicable, (collectively the "Meeting Materials") to the Intermediaries and clearing agencies for onward distribution to Non-registered Shareholders. The Company has elected to deliver this Information Circular to Non-registered Shareholders by distributing a notification of meeting, along with the form of proxy or voting instruction form, as applicable, (together, the "Mailed Materials") to the Intermediaries and clearing agencies for onward distribution to Non-registered Shareholders, and posting this Information Circular on the website maintained by TSX Trust Company ("TSX Trust") at https://docs.tsxtrust.com/2096. See “Notice and Access” below for further information. Intermediaries are required to forward the Mailed Materials to Non-registered Shareholders unless the Non-registered Shareholders have waived the right to receive them. Intermediaries often use service companies to forward the Mailed Materials to Non-registered Shareholders. Notwithstanding the foregoing, there are two kinds of Non-registered Shareholders, namely: (i) those who object to their name being made known to the issuers of the securities they own (called “OBOs” for Objecting Beneficial Owners); and (ii) those who do not object to their name being made known to the issuers of the securities they own (called “NOBOs” for Non-Objecting Beneficial Owners). Subject to the provisions of NI 54-101, issuers can request and obtain a list of their NOBOs from Intermediaries via their transfer agents and use the NOBO list for distribution of proxy-related materials directly to NOBOs. The Company intends to take advantage of those provisions of NI 54-101 that permit it to deliver the Mailed Materials directly to its NOBOs, through TSX Trust, who have not waived the right to receive them. As a result, NOBOs in Canada can expect to receive the Mailed Materials from TSX Trust. The voting instruction forms are to be completed and returned to TSX Trust in accordance with the instructions provided by TSX Trust in the envelope provided by TSX Trust or by facsimile. In this regard, TSX Trust is required to follow the voting instructions properly received from NOBOs. TSX Trust will tabulate the results of the voting instruction forms received from NOBOs with respect to the Common Shares represented by the voting instruction forms they receive.

The Meeting Materials are being sent to both registered shareholders and Non-registered Shareholders. If you are a Non-registered Shareholder, and the Company or its agent has sent these materials directly to you, your name and address and information about your holdings of Common Shares have been obtained in accordance with applicable securities regulatory requirements from the Intermediary holding the Common Shares on your behalf.

By choosing to send these materials to you directly, the Company (and not the Intermediary holding the Common Shares on your behalf) has assumed responsibility for (i) delivering these materials to you and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions.

Generally, OBOs who have not waived the right to receive Mailed Materials will either:

(a) be given a voting instruction form which is not signed by the Intermediary and which, when properly completed and signed by the OBO and returned to the Intermediary or its service company, will constitute voting instructions which the Intermediary must follow. Typically, the voting instruction form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for
the form of proxy to validly constitute a voting instruction form, the OBO must remove the label from
the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and
submit it to the Intermediary or its service company in accordance with the instructions of the
Intermediary or its service company; or

(b) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile,
stamped signature), which is restricted as to the number of Common Shares beneficially owned by
the OBO but which is otherwise not completed by the Intermediary. Because the Intermediary has
already signed the form of proxy, this form of proxy is not required to be signed by the OBO when
submitting the proxy. In this case, the OBO who wishes to submit a proxy should properly complete
the form of proxy and deposit it with **TSX Trust Company, 100 Adelaide Street West, Suite 301,
Toronto, Ontario, Canada M5H 4H1**.

The Company intends to pay for an Intermediary to deliver the Mailed Materials to OBOs.

In either case, the purpose of these procedures is to permit Non-registered Shareholders to direct the voting
of the Common Shares they beneficially own. Should a Non-registered Shareholder who receives either a
voting instruction form or a form of proxy wish to attend the Meeting and vote in person (or have another
person attend and vote on behalf of the Non-registered Shareholder), the Non-registered Shareholder
should strike out the names of the persons named in the form of proxy and insert the Non-registered
Shareholder's (or such other person's) name in the blank space provided or, in the case of a voting
instruction form, follow the directions indicated on the form. **In either case, Non-registered Shareholders
should carefully follow the instructions of their Intermediaries and their service companies, TSX Trust or
Broadridge Financial Solutions, Inc., as applicable, including those regarding when and where the voting
instruction form or the proxy is to be delivered.**

**Notice and Access**

Under the notice and access rules adopted by the CSA, public companies are permitted to advise their
shareholders of the availability of their information circulars on an easily-accessible website, rather than
mailing paper copies.

The use of this alternative means of delivery is more environmentally friendly as it will help reduce paper
use and the Company’s carbon footprint, and it will also reduce the Company’s printing and mailing costs.
The Company has therefore decided to deliver this Information Circular to Non-registered Shareholders by
posting it on TSX Trust’s website at [https://docs.tsxtrust.com/2096](https://docs.tsxtrust.com/2096). This Information Circular will also be
available on SEDAR at [www.sedar.com](http://www.sedar.com) and on the Company’s website at
wish to receive paper copies of this Information Circular may request paper copies online at
[https://docs.tsxtrust.com/2096](https://docs.tsxtrust.com/2096) or by calling toll-free at 1-866-600-5869.

Requests for paper copies must be received at least five business days in advance of the Proxy Deposit
Deadline (as defined below) in order to receive this Information Circular in advance of the Proxy Deposit
Deadline and the Meeting. This Information Circular will be sent to such shareholders within three business
days of their request, if such requests are made before the Proxy Deposit Deadline. Those shareholders
with existing instructions on their account to receive a paper copy of the Meeting Materials will receive a
paper copy of this Information Circular.
Due to certain requirements of the Canada Business Corporations Act (the “Act”), the Company is sending a paper copy of the complete proxy package, including the Notice of Meeting, this Information Circular, and the Annual Financial Statements and related management’s discussion and analysis to registered shareholders. The Annual Financial Statements and related management’s discussion and analysis are also available on SEDAR at www.sedar.com and on the Company’s website at http://www.avalonadvancedmaterials.com/investors/regulatory_filings/.

Appointment and Revocation of Proxies

The persons named in the form of proxy accompanying this Information Circular are directors and/or officers of the Company. A shareholder of the Company has the right to appoint a person or company (who need not be a shareholder), other than the persons whose names appear in such form of proxy, to attend and act for and on behalf of such shareholder at the Meeting and at any adjournment thereof. Such right may be exercised by either striking out the names of the persons specified in the form of proxy and inserting the name of the person or company to be appointed in the blank space provided in the form of proxy, or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1 in time for use at the Meeting in the manner specified in the Notice of Meeting.

A registered shareholder of the Company who has given a proxy may revoke the proxy at any time prior to use by: (a) depositing an instrument in writing, including another completed form of proxy, executed by such registered shareholder or by their attorney authorized in writing or by electronic signature or, if the registered shareholder is a corporation, by an officer or attorney thereof properly authorized, either: (i) at the principal office of the Company, 130 Adelaide Street West, Suite 1901, Toronto, Ontario, Canada M5H 3P5, not less than 48 hours, Saturdays, Sundays and holidays in the Province on Ontario excepted, prior to the time of the holding of the Meeting or any adjournment thereof (the “Proxy Deposit Deadline”), (ii) with TSX Trust Company, 100 Adelaide Street West, Suite 301, Toronto, Ontario, Canada M5H 4H1, by the Proxy Deposit Deadline, or (iii) with the chair of the Meeting on the day of the Meeting or any adjournment thereof; (b) transmitting, by telephone or electronic means, a revocation that complies with paragraphs (i), (ii) or (iii) above and that is signed by electronic signature, provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of their attorney, as the case may be; or (c) in any other manner permitted by law including attending the Meeting in person. Late proxies may be accepted or rejected by the Chair of the Meeting in their discretion, and the Chair is under no obligation to accept or reject any particular late proxy.

A Non-registered Shareholder who has submitted a proxy may revoke it by contacting the Intermediary through which the Non-registered Shareholder’s Common Shares are held and following the instructions of the Intermediary respecting the revocation of proxies.

Exercise of Discretion by Proxies

The Common Shares represented by an appropriate form of proxy will be voted for, against or withheld from voting, as applicable, on any ballot that may be conducted at the Meeting, or at any adjournment thereof, in accordance with the instructions of the shareholder thereon, and if the shareholder specifies a choice on any matter to be acted upon, the Common Shares of such shareholder will be voted accordingly. In the absence of instructions, such Common Shares will be voted FOR each of the matters referred to in the Notice of Meeting as specified thereon.
The enclosed form of proxy, when properly completed and signed, confers discretionary authority upon the persons named therein to vote on any amendments to or variations of the matters identified in the Notice of Meeting and on other matters, if any, which may properly be brought before the Meeting or any adjournment thereof. At the date hereof, management of the Company knows of no such amendments or variations or other matters to be brought before the Meeting. However, if any other matters which are not now known to management of the Company should properly be brought before the Meeting, or any adjournment thereof, the Common Shares represented by such proxy will be voted on such matters in accordance with the judgment of the person named as proxy therein.

**Signing of Proxy**

The form of proxy must be signed by the shareholder of the Company or the duly appointed attorney of the shareholder of the Company authorized in writing or, if the shareholder of the Company is a corporation, by a duly authorized officer of such corporation. A form of proxy signed by the person acting as attorney of the shareholder of the Company or in some other representative capacity, including an officer of a corporation which is a shareholder of the Company, should indicate the capacity in which such person is signing and should be accompanied by the appropriate instrument evidencing the qualification and authority to act of such person, unless such instrument has previously been filed with the Company. A shareholder of the Company or their attorney may sign the form of proxy or a power of attorney authorizing the creation of a proxy by electronic signature provided that the means of electronic signature permits a reliable determination that the document was created or communicated by or on behalf of such shareholder or by or on behalf of their attorney, as the case may be.

**VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF**

**Description of Share Capital**

The Company is authorized to issue an unlimited number of Common Shares without par value. There are 387,541,807 Common Shares outstanding as at January 11, 2022.

The Company is also authorized to issue up to 25,000,000 preferred shares, in series, without par value, of which 950 have been issued and none are outstanding as at January 11, 2022.

At an annual meeting of the Company, on a show of hands or a vote by ballot, every registered holder of Common Shares present in person and entitled to vote and every proxyholder duly appointed by a registered shareholder who would have been entitled to vote shall have one vote and, on a poll, every registered shareholder present in person or represented by proxy or other proper authority and entitled to vote shall have one vote for each share of which such shareholder is the registered holder. Common Shares represented by proxy will only be voted if a ballot is called for. A ballot may be requested by a registered shareholder or proxyholder present at the Meeting or required because the number of votes attached to Common Shares represented by proxies that are to be voted against a matter is greater than 5% of the votes that could be cast at the Meeting.

**Record Date**

The directors of the Company have fixed January 11, 2022 as the record date for the determination of the shareholders of the Company entitled to receive notice of, and to vote at, the Meeting. Shareholders of the Company of record at the close of business on January 11, 2022 will be entitled to vote at the Meeting.
Ownership of Securities of the Company

To the knowledge of the directors and executive officers of the Company, no person or company beneficially owns, directly or indirectly, or exercises control or direction over, voting securities carrying more than 10% of the outstanding voting rights of the Company. The officers of the Company and the individuals nominated by management for election as directors collectively own or control, directly or indirectly, in the aggregate, 9,710,100 Common Shares, representing approximately 2.5% of the outstanding Common Shares as at January 11, 2022.

PARTICULARS OF MATTERS TO BE ACTED UPON

1. Election of Directors

The board of directors of the Company (the “Board”) currently consists of six directors. The table below and the notes thereto state the names of the six persons nominated by management for election as directors, all other positions and offices with the Company now held by them, their principal occupations or employment for the preceding five years, the period or periods of service as directors of the Company and the number of voting securities of the Company beneficially owned, directly or indirectly, or over which control or direction is exercised by each of them as of the date hereof.

Majority Voting Policy

The Board has adopted a policy providing that in an uncontested election of directors, any nominee who receives a greater number of votes “withheld” than votes “for” will tender their resignation to the Chair of the Board promptly following the shareholders’ meeting. The Compensation, Governance and Nominating Committee (the “CGN Committee”) of the Board will consider the offer of resignation and will make a recommendation to the Board on whether to accept it. In considering whether or not to accept the resignation, the CGN Committee will consider all factors deemed relevant by members of such Committee. The CGN Committee will be expected to accept the resignation except in exceptional circumstances that warrant the applicable director continuing to serve on the Board. The Board will make its final decision and announce it in a press release within 90 days following the Meeting, and should the Board determine not to accept such resignation, the news release will include the Board’s reasons for rejecting the resignation. The resignation will be effective when accepted by the Board. A director who tenders their resignation pursuant to this policy will not participate in any meeting of the Board or the CGN Committee at which the resignation is considered. A copy of the Majority Voting Policy can be found on the Company’s website at www.avalonadvancedmaterials.com.

Advance Notice By-Law

The Company has adopted a by-law (By-Law No.2) related to the nomination of directors by shareholders of the Company in certain circumstances. By-Law No.2 provides a process for shareholders to follow for director nominations and sets out a reasonable time frame for nominee submissions and the provision of accompanying information. The purpose of By-Law No.2 is to treat all shareholders fairly by ensuring that all shareholders receive adequate notice of the nominations to be considered at a meeting and can thereby exercise their voting rights in an informed manner. In addition, By-Law No.2 should assist in facilitating an orderly and efficient meeting process. As of the date hereof, the Company has not received notice of any director nominations in connection with this year’s Meeting within the time periods prescribed by the advance notice provisions contained in By-Law No.2. Assuming no nominations are received by January 25, 2022, the only persons eligible to be nominated for election to the Board are the below nominees.
Proxies received appointing directors of the Company will be voted FOR the election of the nominees named in the table below, unless a shareholder has specified in the proxy that the Common Shares are to be withheld from voting in respect thereof. Management has no reason to believe that any of the nominees will be unable to serve as a director but, if a nominee is for any reason unavailable to serve as a director, proxies appointing directors and/or officers of the Company will be voted in favour of the remaining nominees and may be voted for a substitute nominee, unless the shareholder has specified in the proxy that the Common Shares are to be withheld from voting in respect of the election of directors.

(i) was the subject of a cease trade or similar order (including a management cease trade order whether or not such person was named in the order) or an order that denied the relevant company access to any exemption under securities legislation, that was in effect for a period of more than 30 consecutive days, (an “Order”) that was issued while the proposed director was acting in the capacity as director, CEO or CFO; or

2. Appointment of Auditors

Ernst & Young LLP, Chartered Professional Accountants have been the auditors of the Company since August 31, 2017.

Shareholders will be asked to consider and, if thought advisable, to pass an ordinary resolution to appoint Ernst & Young, LLP to serve as auditors of the Company until the next annual general meeting of shareholders and to authorize the directors of the Company to fix their remuneration. An ordinary resolution is a resolution passed by at least a majority (50%+1) of the votes cast by shareholders who voted by proxy or in person in respect of that resolution at the Meeting.

The Board unanimously recommends that shareholders vote FOR the ordinary resolution to appoint the auditors and authorize the directors to fix their remuneration. Unless a shareholder directs that their Common Shares are to be withheld from voting in connection with the appointment of auditors, the persons named in the enclosed form of proxy intend to vote FOR the appointment of Ernst & Young LLP, to serve as auditors of the Company until the next annual general meeting of the shareholders and to authorize the directors to fix their remuneration.

3. Receipt of Financial Statements

At the Meeting, the Chair of the Meeting will receive the Annual Financial Statements, which have been approved by the Board. No vote of the shareholders of the Company is required with respect to this item of business.

OTHER MATTERS WHICH MAY COME BEFORE THE MEETING

The management knows of no matters to come before the Meeting other than as set forth in the Notice of Meeting. However, if other matters not known to the management should properly come before the Meeting, the accompanying proxy will be voted on such matters in accordance with the best judgment of the persons voting the proxy.

STATEMENT OF EXECUTIVE COMPENSATION

A. Named Executive Officers

For the purposes of this Information Circular, a named executive officer (“Named Executive Officer”) of the Company means each of the following individuals:

(a) a chief executive officer (“CEO”) of the Company;

(b) a chief financial officer (“CFO”) of the Company;

(c) each of the Company’s three most highly compensated executive officers, or the three most highly compensated individuals acting in a similar capacity, other than the CEO and CFO, at the end of the most recently completed financial year whose total compensation was individually, more than $150,000, as determined in accordance with subsection 1.3(6) of Form 51-102F6 - Statement of Executive Compensation, for that financial year; and
(d) each individual who would be a Named Executive Officer under paragraph (c) above but for the fact that the individual was neither an executive officer of the Company, nor acting in a similar capacity, at the end of the financial year.

For the financial year ended August 31, 2021, the Company had four Named Executive Officers: namely, its CEO and President (Donald Bubar), its CFO and Vice President, Finance (R. James Andersen), its Vice President, Sustainability (Mark Wiseman) and its Vice President, Operations (William Mercer).

**B. Compensation Discussion and Analysis**

*Compensation, Governance and Nominating Committee*

The CGN Committee of the Board is responsible for making recommendations to the Board with respect to the compensation of the executive officers of the Company as well as, among other things, awards pursuant to the Stock Option Plan, the Restricted Share Unit Plan (“RSU Plan”) and the Deferred Share Unit Plan (“DSU Plan”) and any other employee benefits and/or plans and with respect to directors’ compensation. The Board (exclusive of the CEO, who is also a member of the Board) reviews such recommendations and gives final approval to the compensation of the executive officers. See also “Schedule A - Corporate Governance Disclosure” appended to this Information Circular.

The CGN Committee currently consists of Naomi Johnson (Chair), Alan Ferry and John E. Fisher, each of whom are independent, within the meaning of National Instrument 52-110 - *Audit Committees*. Each of Ms. Johnson, Mr. Ferry and Mr. Fisher has direct and extensive experience in corporate management and compensation issues in either the mining industry and/or the financial industry. Ms. Johnson is a global CSR executive, international development specialist and a lawyer, lending a diverse and holistic perspective to developing leading-edge approaches to stakeholder risk and impact management across the private, public and not for profit sectors. Ms. Johnson has been a Social Performance Principal, Anglo American plc, since September, 2021, prior thereto she held the position of Vice President of Community Relations at Titan Mining Corporation. Prior to this she worked for Barrick Gold Corporation from 2008 to 2017. The last position she held at Barrick was that of Partner and Senior Director of Community Relations. She has also worked for HATCH as Regional Practice Lead for the Americas - Social Impact. Mr. Ferry holds a Chartered Financial Analyst designation and was a member of the committee responsible for compensation matters of Plateau Energy Metals Inc., which was a publicly listed mineral exploration company and Guyana Goldfields Inc., which was a publicly listed gold mining company. Mr. Fisher has worked in base and precious metals exploration in western and northern Canada for companies including Noranda Exploration and United Keno Hill Mines. He also has extensive experience in the construction materials and waste management industries, most recently acting as President & CEO of Walker Industries Holdings Limited, a private aggregates, waste disposal and specialty chemical manufacturing company with over a thousand employees. This experience relating to executive compensation matters collectively provides members of the CGN Committee with a suitable perspective to make decisions on the appropriateness of the Company’s compensation policies and practices.

The CGN Committee has not, to-date, felt it necessary to engage any compensation consultant or advisor to assist it in the performance of its duties.

*Compensation Objectives and Structure*

The overall compensation objective adopted by the CGN Committee is to ensure that executive compensation is fair and reasonable, rewards management performance and is, by being competitive,
sufficient to attract and retain experienced and talented executives. Due to the nature of the mineral industry, executive talent has significant mobility and, as a result, competition for experienced executives in the past has been strong. The Company's compensation policies are designed to recognize this. The foregoing objective also recognizes the fundamental value added by a motivated and committed management team in accomplishing the Company's principal corporate objectives.

The compensation provided by the Company to its executive officers, including the CEO, is comprised of three components: base salary, bonuses and long term incentive compensation in the form of stock options and restricted share units (“RSUs”). See “Summary of the Stock Option Plan” and “Summary of the RSU Plan” below.

Bonus compensation is a cash component of management compensation in order to permit the recognition of outstanding individual efforts, performance, achievements and/or accomplishments by members of the Company’s management team. Any specific bonus amounts are awarded on the recommendation of the CGN Committee and ultimately at the discretion of the Board, with bonus amounts for members of the Company’s management team, other than the CEO, being based primarily on the recommendations of the CEO. The appropriateness and amount of any bonuses to the CEO and/or management team members has to date been considered annually by the CGN Committee and Board on a discretionary basis as no formal bonus plan based on quantitative and/or qualitative benchmarks has been established for the Company as yet given the size and stage of the Company.

Base salary is the principal component of each executive officer’s overall compensation and reflects the fixed component of pay that compensates the relevant executive officer for fulfilling their day to day roles and responsibilities. The CGN Committee has typically, in the past, reviewed the base salary levels, considered the individual performance of the CEO and of each other executive officer and compared executive compensation for other companies operating in the mineral industry.

Recently, however, the overall financial condition of the Company and the overall depressed nature of the junior resource sector in Canada and elsewhere has significantly factored into the setting of the cash remuneration levels of the Company's senior management and, in particular, has resulted in there being no or minimal increases in the cash remuneration of senior management in recent years, and a reduction of certain salaries (see “Base Salary and Bonus” below). Given the nature of the Company as an exploration and development stage resource company without existing mineral production and without any attendant revenues derived thereon, compensation has in the past been generally based on comparative, qualitative or subjective measures, rather than quantitative benchmarks. No specific benchmarks, weights or percentages are assigned to any of the measures or objectives upon which the executive compensation is generally based.

Annual salary adjustments, if any, have historically been made on a calendar year basis, typically being determined towards the end of each calendar year and made effective January 1 of the following year.

Compensation Risk Management

The CGN Committee evaluates the risks, if any, associated with the Company's compensation policies and practices. Implicit in the mandate of the Board is that the Company's policies and practices respecting compensation, including those applicable to the Named Executive Officers, be designed in a manner which is in the best interests of the Company and its shareholders.
In particular, the Company’s executive compensation policies incorporate a balanced compensation program design (see “Compensation Objectives and Structure”) and include elements of fixed and variable compensation and short and longer term incentives.

The base salary component of the compensation provided by the Company to its executive officers is set annually. The bonus component of the compensation provided by the Company to its executive officers in the past has been discretionary, is currently based on qualitative or subjective measures rather than quantitative benchmarks and is subject to the prior approval of the CGN Committee. Discretionary assessment of the performance of executive officers by the Committee ensures that bonus awards align with both perceived and actual performance and the risks associated with such performance and any bonus award. No bonuses have been awarded to any members of senior management since 2014.

The stock option and RSU component of the compensation provided by the Company to its executive officers is both “longer term” and “at risk” and, accordingly, is directly linked to the achievement of longer term value creation. Since the benefits of such compensation, if any, are generally not realized by the executive officers until a significant period of time has passed and that there are typically deferred vesting provisions attached to each option and RSU grant (see “Summary of the Stock Option Plan” and “Summary of the RSU Plan” below), the incentive for executive officers to take inappropriate or excessive risks with regard to their compensation that are financially beneficial to them at the expense of the Company and its shareholders is limited.

The CGN Committee believes that it is unlikely that an executive officer would take inappropriate or excessive risks at the expense of the Company and its shareholders that would be beneficial to them with regard to their short term compensation when their longer term compensation might be put at risk from their actions. Due to the size of the Company, the CGN Committee is able to monitor and consider any risks which may be associated with the Company’s compensation policies and practices. Risks, if any, may be identified and mitigated through regular meetings of the Board during which financial and other information relating to the Company are reviewed, and which includes senior executive compensation. The CGN Committee has not identified any risks arising from the Company’s compensation policies and practices that it believes would be reasonably likely to have a material adverse effect on the Company.

Although the Company has not as yet adopted any specific policies in this regard, in the event that a director or an executive officer purchases financial instruments that are designed to hedge or offset a decrease in the market value of the Company’s equity securities granted as compensation or held, directly or indirectly by the director or the executive officer, such purchases must be disclosed in insider reporting filings. To date, no such purchases have been disclosed by any director or executive officer of the Company.

Base Salary and Bonus

The CGN Committee, in respect of the setting of salaries for the Named Executive Officers for 2021, recommended to the Board and the Board determined that there would be no salary increase for the Named Executive Officers in 2021. This determination recognized the then-current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada.

Effective November 1, 2019, Mr. Bubar agreed to reduce his annual cash compensation from $300,000 to $250,000 indefinitely.

To assist the Company navigate the early stages of the COVID-19 pandemic, the Named Executive Officers forgave half of their compensation during the period from April 1, 2020 to August 31, 2020.
No discretionary bonuses were awarded to any Named Executive Officers of the Company for 2021.

**Stock Options and RSUs**

The CGN Committee is of the view that the granting of options and RSUs is an appropriate method of providing long term incentives to senior management of the Company and, in general, aligns the interests of senior management with those of the shareholders by enabling senior management to participate in and be rewarded by an increase in the market price of the Common Shares. Participation in the Stock Option Plan and the RSU Plan also provides a significant incentive to the participants to enter into and subsequently to continue their employment with the Company, particularly when the Company may not have the financial resources and/or pension and other benefit plans to attract and retain experienced personnel. In addition, the CGN Committee is of the view that the Company’s compensation mix must be consistent with industry norms which supports the provision by the Company of a longer term compensation incentive. This longer term compensation incentive is best realized by providing compensation linked to share price performance such as options and RSUs. The number and terms of options and RSUs previously granted to the Named Executive Officers have been and are expected to continue to be taken into account, as well as the number and terms of options and RSUs granted by peer group companies in determining whether and in what quantity new option and RSU grants should be made in any year. Also, additional options and RSUs have been granted to members of senior management in lieu of receipt by them of certain specified cash salary amounts (see “Base Salary and Bonus” above).

The Company’s current objective under the Stock Option Plan is to allot to the CEO options to purchase 3,000,000 Common Shares, to the CFO and Senior Vice Presidents options to purchase 2,000,000 Common Shares and to officers at the Vice President level options to purchase 1,500,000 Common Shares. The foregoing allotments do not include the additional options granted to the Named Executive Officers (see “Base Salary and Bonus” above).

The Company typically grants one fifth of an employee’s option allotment on an annual basis. The methodology applied by the Company permits exceptions to be made, for example, to recognize exceptional employee contributions and to permit flexibility in negotiating employment contracts.

The Company’s current objective under the RSU Plan is to award such RSUs to the officers and employees on an annual basis as is commensurate with their contributions to the Company and overall Company performance.

**Circumstances Triggering Termination and Change of Control Benefits**

As noted below under the heading “Employment Contracts”, there are certain circumstances that trigger payments and other benefits to the CEO upon termination and change of control. The CGN Committee views such provisions as not only being fair and necessary to protect the CEO, but also to encourage the CEO to pursue those transactions such as mergers or take-overs that are beneficial to the Company and its shareholders, even though such transaction may result in the termination of the CEO’s employment with the Company.

**Summary of the Stock Option Plan**

The Stock Option Plan, together with all unallocated options, rights or other entitlements, last approved by shareholders on February 25, 2020, is a fixed percentage plan that provides that the maximum number of options which may be outstanding at any time under the Stock Option Plan and any other equity
compensation arrangement of the Company is 10% of the Company’s issued and outstanding Common Shares. Participants under the Stock Option Plan include insiders or employees of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

On December 1, 2020, the Board approved certain amendments to the Stock Option Plan to reflect the adoption of the Company’s new RSU Plan and DSU Plan and to amend certain definitions to be consistent with those plans, and to amend the blackout period extension to ten (10) days to be consistent with the amendments to the Company’s Insider Trading Policy.

The following is a summary of the Stock Option Plan. Capitalized terms not defined in this Information Circular and used in this summary are defined in the Stock Option Plan.

**Purpose**

The Stock Option Plan has been established as a means of compensating Eligible Persons (as defined below) for their contributions to the performance of the Company. The Stock Option Plan is intended to:

(a) provide an incentive to Eligible Persons to further the development, growth and profitability of the Company; and
(b) assist the Company in retaining and attracting Eligible Persons with experience and ability.

**Eligibility**

Generally, a right to purchase Common Shares pursuant to the terms of the Stock Option Plan may be granted to an “Eligible Person”, which includes any insider or employee of the Company or any of its subsidiaries, and any other person or company engaged to provide ongoing management, consulting or advisory services to the Company.

**Administration**

The Stock Option Plan is administered under the direction of the Board. The Board has full and complete authority to interpret the Stock Option Plan and to prescribe such rules and regulations and make such other determinations, as it deems necessary or desirable to meet the objectives of and to administer the Stock Option Plan. The Board shall, in its discretion, subject to the terms and conditions of the Stock Option Plan, designate, from among the Eligible Persons, those to whom and when options shall be granted, the number of Common Shares to be subject to each option, the exercise price for each option, the period during which the same may be exercised, the vesting period, if any, for such option(s) and the other terms and conditions attached thereto.

**Common Shares Issuable Under the Stock Option Plan**

The maximum aggregate number of Shares which may be issuable pursuant to the exercise of Options granted under the Stock Option Plan, when combined with any other share compensation arrangement of the Company, shall not exceed ten percent (10%) of the outstanding Common Shares. The maximum number of Common Shares that: (i) are issued to Insiders of the Company within any one year period; and (ii) are issuable to Insiders of the Company at any time, under the Stock Option Plan or when combined with all of the Company’s other security based compensation arrangements, cannot exceed ten percent (10%) of the issued and outstanding Common Shares. All Common Shares subject to options that have been exercised or that have expired or have been otherwise terminated or cancelled without having been
exercised shall be available for issuance pursuant to the exercise of any subsequent options granted under the Stock Option Plan.

Grant of Options

Any Eligible Person to whom options are granted under the Stock Option Plan (an "Option Participant") at the time of the grant of an option, may hold more than one option. The grant of each option shall be evidenced by an agreement between the Company and the Option Participant setting forth the number of Common Shares covered by such option, the exercise price, the option period and any other terms and conditions attaching thereto.

Exercise Price

The exercise price for the Common Shares of an option must not be less than the market price at the time an option is granted. The market price is the closing price of the Common Shares on the Toronto Stock Exchange ("TSX") on the trading day prior to the date of the grant of the option, provided that if there is no closing price on such trading day, market price shall mean the most recent closing price for the Common Shares on the TSX prior to the date of grant.

Term of Options

Each option shall be exercisable during a period established by the Board, but in no circumstances shall the term of the option exceed 10 years.

Exercise of Option

An option may be exercised at any time, or from time to time, during its terms as to any number of whole Common Shares, which are then available for purchase, provided that no partial exercise may be for less than 100 Common Shares. An Option Participant electing to exercise an option shall give written notice of the election to the Company, together with the aggregate amount to be paid for the Common Shares to be acquired pursuant to the exercise of an option, by cheque or bank draft payable or such other form or manner of payment acceptable to the Company.

Restrictions as to Date of Exercise/Vesting

Unless otherwise decided by the Board or a committee thereof, no option may become exercisable until three months for persons providing management, consulting or advisory services to the Company and 12 months for all other Eligible Persons from the date such option was granted.

Blackout Periods

No option shall terminate and cease to be exercisable prior to the tenth business day following a trading blackout then in effect and, if a trading blackout is not then in effect, prior to the tenth business day following cessation of the most recent trading blackout.

Retirement, Disability or Death of Option Participant

Unless otherwise decided by the Committee, the following rules shall apply:
(a) in the event of the retirement, disability or death of an Option Participant, the options held by such Option Participant shall remain exercisable by such Option Participant or by such Option Participant’s legal representative(s) until the earlier of: (i) 12 months after the effective date of retirement, disability or death; and (ii) the expiry of the exercise period of such options and, to the extent not exercised within the aforesaid period, shall terminate; and

(b) in the event that the Option Participant ceases to be an Eligible Person for any reason other than retirement, disability or death, any options held by such Option Participant will expire on the day of termination, unless otherwise specifically provided in any severance or termination arrangements entered into by the Option Participant and the Company.

Adjustments

If the number of outstanding Common Shares is increased or decreased as a result of a stock split, consolidation or reclassification, or if other changes with respect to the Common Shares shall occur, other than as a result of the issuance of Common Shares for fair value, or if additional Common Shares are issued pursuant to a stock dividend, or in the event of a merger, amalgamation or reorganization, then the number of and/or price payable for Common Shares subject to any unexercised options shall be adjusted in accordance with applicable law and in such manner as the Board shall deem proper to preserve the rights of the Option Participants under the Stock Option Plan substantially proportionate to those existing prior to such change or event.

Assignment of Options

No option or any interest therein shall be transferable or assignable by the Option Participant otherwise than by will or pursuant to the laws of succession and no option may be exercised by anyone other than by the Option Participant or the Option Participant’s legal representative(s).

Stock Appreciation Rights

The Company may grant stock appreciation rights to Option Participants. The benchmark number of Common Shares specified in the relevant stock appreciation rights agreement (a “Rights Agreement”) shall be deemed to be the number of Common Shares reserved for issuance thereunder for purposes of that section. A stock appreciation right shall entitle the Option Participant to receive from the Company the number of Common Shares, disregarding fractions, having an aggregate value equal to the excess of the “value of a Common Share” over the “amount per Common Share” specified in the relevant Rights Agreement times the number of Common Shares with respect to which the stock appreciation right is being exercised. For purposes of the preceding sentence, the “amount per Common Share” shall not be less than the market price at the date of the grant of the relevant underlying option or stock appreciation right while “the value of a Common Share” shall be determined for these purposes based on the five-day volume weighted average trading price (“VWAP”) of the Common Shares preceding the date the notice of the exercise of the stock appreciation right is received by the Company.

Any option granted under the Stock Option Plan may include a stock appreciation right, either at the time of grant or by amendment adding it to an existing option; subject, however, to the grant of such stock appreciation right being in compliance with the regulation and policies of the applicable regulatory authorities. To the extent a stock appreciation right included in or attached to an option granted is exercised, the option to which it is included or attached shall be deemed to have been exercised to a similar extent.
The provisions of the Stock Option Plan respecting the exercise of options and the adjustments to options arising from certain corporate actions shall apply *mutatis mutandis* to all stock appreciation rights granted.

**Takeover Bids**

If a person (an "Offeror") makes a formal bid (as defined in the *Securities Act* (Ontario)) for Common Shares (an “Offer”) then:

(a) all unvested options will become vested and exercisable, despite any vesting schedule applicable to any unexercised options; and
(b) the Company will give each Option Participant currently holding an option written notice of the number of options eligible for exercise by the optionee.

Following the Company’s notice, an Option Participant may exercise their option in whole or in part so as to permit each Option Participant to tender the Common Shares received on exercise (the “Optioned Shares”) pursuant to the Offer. If:

(a) the Offer is not completed within the time specified in the Offer; or
(b) the Option Participant does not tender the Optioned Shares pursuant to the Offer; or
(c) the Offeror does not take up and pay for all of the Optioned Shares tendered by the Option Participant pursuant to the Offer.

then certain provisions, as set out in the Stock Option Plan, apply to the Option Participant and the Optioned Shares.

**Substitution Events**

In the event of a change of control pursuant to which the Common Shares are converted into, or exchanged for, other property, whether in the form of securities of another company or otherwise (a “Substitution Event”), then any surviving or acquiring entity must substitute or replace similar options for those options that remain outstanding and unexercised under the Stock Option Plan on the same terms and conditions as the Stock Option Plan and the applicable option agreement (the “Substituted Options”), except that the terms shall include the right to acquire on exercise the same form of consideration paid to the holders of Common Shares in the transaction effecting the Substitution Event. The amount of such consideration that a Substituted Option will entitle the Option Participant to acquire following the Substitution Event shall be that amount that an Option Participant would have obtained had such Option Participant exercised the option immediately prior to the Substitution Event with the result that Common Shares received on such exercise would have been subject to the Substitution Event. The exercise price for a Substituted Option following the Substitution Event shall be the amount as the Board may determine as would provide the Option Participant with an equal economic result (assuming the Option Participant exercised the Substituted Option immediately after the Substitution Event but not at any later time) as the Option Participant would have obtained had such Option Participant exercised the option immediately prior to the Substitution Event.

**Amendments to the Stock Option Plan**

The amendment procedures state the type of modifications to the Stock Option Plan or to the terms and conditions of an outstanding option that must specifically be approved by the holders of the Common Shares, namely:
(a) amendments to reduce the exercise price of an option held by an Option Participant either directly or indirectly by means of the cancellation of an option and the reissue of a similar option and, for so long as the Common Shares are listed on the TSX, “disinterested Shareholder approval” (as that term is used in the policies of the TSX) shall be required for any amendment of an option which reduces the exercise price of an option held by an Option Participant, if at the time of the proposed amendment the Option Participant is an Insider of the Company;
(b) amendments that extend the period available to exercise an option beyond the expiry of the original exercise period of such option;
(c) amendments that increase the number of Common Shares reserved for issuance under the Stock Option Plan;
(d) amendments to amend the provisions dealing with restrictions on transfer of options in the Stock Option Plan;
(e) amendments that materially modify the requirements as to eligibility for participation in the Stock Option Plan;
(f) amendments that add any form of financial assistance and, if applicable, any amendment to any existing financial assistance provision which is more favourable to Option Participants; and
(g) amendments that otherwise require approval by the shareholders (or disinterested shareholders as the case may be) in accordance with the requirements of the TSX or any applicable regulatory authority.

Except as listed above, the Board may from time to time in its absolute discretion amend, modify or change the terms and provisions of the Stock Option Plan (including the form of the option agreement) and/or any option provided that any such amendment, modification and/or change shall be subject to any required approvals of any applicable regulatory authority. Without limiting the generality of the foregoing, the Board may make certain amendments, modifications and/or changes to the Stock Option Plan as outlined in the Stock Option Plan, without seeking shareholder approval, including any amendment to the vesting provisions of the Stock Option Plan or any option, any amendment to the termination provisions of any option, whether or not such option is held by an insider, provided such amendment does not entail an extension of the expiry date beyond the original expiry date and the addition or modification of a cashless exercise feature, payable in cash or Common Shares, which provides for a deduction of the number of Common Shares reserved for issuance pursuant to the Stock Option Plan equal to the number of Common Shares that would otherwise have been issuable upon the exercise of the relevant option.

Except as listed above, the Board or the CEO of the Company together with the CFO of the Company, with the consent of the affected optionee, but subject to the terms and conditions of the Stock Option Plan and any approvals required by any applicable regulatory authority, may from time to time amend the terms and conditions of any option which has been granted.

Summary of the DSU Plan

The DSU Plan provides for the grant of deferred share units (“DSUs”) to directors of the Company (“DSU Participants”), and was approved by shareholders on February 25, 2021.

The following is a summary of the DSU Plan. Capitalized terms not defined in this Information Circular and used in this summary are defined in the DSU Plan.
Purpose

The purpose of the DSU Plan is to provide for the acquisition of DSUs by directors for the purpose of advancing the interests of the Company through the motivation, attraction and retention of directors of the Company, and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of DSUs by directors, it being generally recognized that deferred share unit plans aid in attracting, retaining and encouraging directors due to the opportunity offered to them to acquire a proprietary interest in and participate in the long-term success of the Company, while promoting greater alignment of the interests of the directors and the shareholders of the Company.

Administration

The DSU Plan is administered by the Board. The Board has the authority to delegate to any director, officer, employee or a committee of the Board such powers and duties as the Board sees fit.

Participation Limits

Subject to adjustment in accordance with the terms of the DSU Plan, the maximum number of Common Shares which may be issued in connection with the redemption of DSUs granted under the DSU Plan shall be 1,750,000 Common Shares, which represents approximately 0.5% of the number of Common Shares issued and outstanding as of January 11, 2022.

In addition, the maximum number of Common Shares which may be: (i) issued to Insiders of the Company within any one year period; or (ii) issuable to Insiders of the Company, at any time, under the DSU Plan, when combined with all of the Company’s other security based compensation arrangements, shall be 10% of the total issued and outstanding Common Shares from time to time,

Adjustments

The maximum number of Common Shares issuable under the DSU Plan and/or all DSUs outstanding shall be adjusted in accordance with the DSU Plan in the case of subdivisions, redivision, consolidations, other capital reorganizations or other changes affecting the Common Shares.

Awards

Directors are permitted to elect in each financial year to receive their respective director’s retainer in cash, DSUs or a combination thereof (which retainer, for the purposes of the DSU Plan, does not include committee member/chair retainers, Board or committee meeting fees, or special remuneration for ad hoc services rendered to the Board). The number of DSUs granted to a director electing to receive their retainer in DSUs is determined based on the five-day VWAP of the Company’s Common Shares on the TSX (or such other applicable stock exchange) prior to the date the DSUs are awarded, which will be on the last day of November, February, May and August.

In addition, the Board may grant discretionary awards of DSUs to directors of the Company from time to time, subject to such vesting, performance criteria, or other terms and conditions as the Board may prescribe.

DSUs are not transferable or assignable (except to a DSU Participant’s estate as provided in the DSU Plan). Unless otherwise determined by the Board, or as otherwise provided in the DSU Plan, any DSUs which have not vested on the Separation Date of a DSU Participant (described below) shall be cancelled.
As of the date of this Information Circular, 475,000 DSUs have been awarded to directors and are outstanding under the DSU Plan.

Dividends

Subject to the absolute discretion of the Board, in the event that a dividend (other than a stock dividend) is declared and paid by the Company on Common Shares, the Board may elect to credit each DSU Participant with additional DSUs.

Redemptions

The Board may elect to issue cash or Common Shares, or any combination thereof, to redeem DSUs owned by a DSU Participant within fifteen (15) days of the DSU Participant’s “Redemption Date”. Where the Board does not specify a payment method, the form of payment shall be in cash.

A Redemption Date is up to two dates selected by a DSU Participant for the redemption of DSUs following their Separation Date, provided that in no event shall a DSU Participant be permitted to elect a date which is earlier than the sixtieth (60th) day following the Separation Date or later than December 15 of the calendar year following the calendar year in which the Separation Date occurs.

The “Separation Date” of a DSU Participant means the later of: (i) the date upon which the DSU Participant ceases providing services to the Company in any capacity; and (ii) the date upon which the DSU Participant gives or receives notice of Termination.

“Termination” means: (i) the removal of or failure to re-elect or re-appoint the DSU Participant as a Director of the Company or an affiliate or Resignation; (ii) in the case of a DSU Participant who is also an employee of the Company, the termination of the employment of the DSU Participant, with or without cause, by the Company or an affiliate, regardless of whether such termination was lawful or unlawful, or Resignation; or (iii) in the case of a DSU Participant who is also an officer of the Company, the removal of or failure to re-elect or re-appoint the DSU Participant as an officer of the Company or an affiliate or Resignation; in each case, other than due to the death or Disability of a DSU Participant.

“Resignation” means the cessation of Board membership or, in the case of a DSU Participant who is also an officer or employee of the Company, the cessation of employment of a DSU Participant with the Company or an affiliate as a result of resignation.

The number of Common Shares issued to a DSU Participant on each Redemption Date will be equal to the number of DSUs that the DSU Participant is entitled to redeem in Common Shares on such Redemption Date less the number of Common Shares required to pay any applicable withholding taxes. Fractional Common Shares shall not be issued, but the DSU Participant will receive the equivalent value of such fractional Common Share in cash, less any applicable withholding taxes. Where the Board elects to redeem a DSU Participant’s DSUs in cash, the cash payment will be based on the five-day VWAP of the Company’s Common Shares on the TSX prior to the Redemption Date, less any applicable withholding taxes.

In the event of the death or disability of a DSU Participant, provided that an election of a Redemption Date has not been made, the Company shall make a payment in cash or issue Common Shares, or use a combination of such payment methods, as elected by the Board, within fifteen (15) days of the DSU Participant’s death or Disability or by the last day of the calendar year commencing immediately after the
DSU Participant’s Separation Date, if earlier, in each case to or for the benefit of the DSU Participant or the beneficiary of the DSU Participant, as applicable.

Amendment, Suspension or Termination of the DSU Plan

The Board may, in its sole discretion, at any time and from time to time: (i) amend or suspend the DSU Plan in whole or in part, (ii) amend or discontinue any DSUs granted under the DSU Plan, and (iii) terminate the DSU Plan, without prior notice to or approval by any DSU Participants or shareholders of the Company, except as provided below.

No amendment to the following provisions of the DSU Plan shall be effective unless the Company has obtained the approval of its shareholders in accordance with the rules and policies of any stock exchange upon which the Common Shares are listed from time to time:

(a) the number of Common Shares reserved for issuance under the DSU Plan (including a change from a fixed maximum number of Common Shares to a fixed maximum percentage of Common Shares);
(b) the definition of “Participant” or the eligibility requirements for participating in the DSU Plan, where such amendment would have the potential of broadening or increasing Insider participation;
(c) the extension of any right of a DSU Participant under the DSU Plan beyond the date on which such right would originally have expired, which benefits an Insider of the Company;
(d) any amendment to permit DSUs to be transferred other than for normal estate settlement purposes;
(e) change in the Insider participation limits of the DSU Plan which would result in shareholder approval being required on a disinterested basis; or
(f) the amendment provisions of the DSU Plan.

Summary of the RSU Plan

The RSU Plan provides for the grant of RSUs to directors, senior officers and key employees of the Company (“RSU Participants”) and was last approved by shareholders on February 25, 2021.

The following is a summary of the RSU Plan. Capitalized terms not defined in this Information Circular and used in this summary are defined in the RSU Plan.

Purpose

The purpose of the RSU Plan is to provide for the award of RSUs to directors, senior officers and key employees of the Company for the purpose of advancing the interests of the Company through the motivation, attraction and retention of such individuals of the Company, and to secure for the Company and the shareholders of the Company the benefits inherent in the ownership of RSUs by such individuals, it being generally recognized that restricted share unit plans aid in attracting, retaining and encouraging directors, senior officers and key employees due to the opportunity offered to them to acquire a proprietary interest in and participate in the long term success of the Company, while promoting a greater alignment of interests between its directors, senior officers, key employees and shareholders.

Administration

The RSU Plan is administered by the Board. The Board has the authority to delegate to any director, officer, employee or a committee of the Board such powers and duties as the Board sees fit.
Participation Limits

Subject to adjustment in accordance with the terms of the RSU Plan, the maximum number of Common Shares which may be issued in connection with the redemption of RSUs granted under the RSU Plan, when combined with any other equity compensation arrangement of the Company, shall not exceed 10% of the total issued and outstanding Common Shares from time to time.

In addition, the maximum number of Common Shares which may be: (i) issued to Insiders of the Company within any one year period; or (ii) issuable to Insiders of the Company, at any time, under the RSU Plan, when combined with all of the Company’s other security based compensation arrangements, shall be 10% of the total issued and outstanding Common Shares from time to time.

Adjustments

The maximum number of Common Shares issuable under the RSU Plan and/or all RSUs outstanding shall be adjusted in accordance with the term of the RSU Plan in the case of subdivisions, redivision, consolidations, other capital reorganizations, or other changes affecting the Common Shares.

Awards

The Board may grant discretionary awards of RSUs to directors, senior officers and key employees of the Company from time to time, subject to a restricted period and such vesting, performance criteria, or other terms and conditions as the Board may prescribe. RSUs are not transferrable or assignable (except to an RSU Participant's estate as provided in the RSU Plan).

The number of RSUs to be credited as of the award date to an RSU Participant shall be determined by dividing (i) the cash value of the award by (ii) the five-day VWAP of the Common Shares immediately preceding the Award Date as reported by the TSX (or such other applicable stock exchange).

Upon the award of RSUs to an RSU Participant, the Board shall determine the Restricted Period applicable to such RSUs. The Board may determine a different Restricted Period with respect to different portions of the RSUs awarded to a given RSU Participant on a given date. The Restricted Period may expire on a given date, or upon the satisfaction of one or more Performance Conditions determined by the Board, or upon any combination of the foregoing as the Board may determine in its discretion provided the end of the Restricted Period shall be no earlier than sixty (60) days after the Award Date. Unless the Board determines otherwise at the time of the award of RSUs, one-third (1/3) of such award of RSUs shall be restricted until the first anniversary of the Award Date, another one-third (1/3) shall be restricted until the second anniversary of the Award Date and the remaining one-third (1/3) shall be restricted until the third anniversary of the Award Date. Unless the Board determines otherwise at the time of the award of RSUs, if the Board has imposed one or more Performance Conditions on such RSUs, the Restricted Period shall expire upon the satisfaction of the last of such Performance Conditions to be satisfied. Notwithstanding any other provision in this RSU Plan, no Restricted Period shall end after the end of the third year following the year the services were performed in respect of the RSUs awarded.

As of the date of the Information Circular 1,475,000 RSUs have been awarded and 1,325,000 are outstanding under the RSU Plan.
Cancellations

Subject to the provisions due to the death or disability of an RSU Participant, RSUs shall be cancelled if (i) the Separation Date has occurred before the end of the Restricted Period applicable to such RSUs, unless the Board in its absolute discretion waives such cancellation of any such RSUs; or (ii) unless the Board determines otherwise at the time of the award of RSUs, if the Board has imposed one or more Performance Conditions on such RSUs, and one or more of such Performance Conditions has not been satisfied on or before the end of the applicable Restricted Period.

The “Separation Date” of an RSU Participant means the later of: (i) the date upon which the RSU Participant ceases providing services to the Company in any capacity; and (ii) the date upon which the RSU Participant gives or receives notice of Termination.

“Termination” means: (i) in the case of a Director, the removal of or failure to re-elect or re-appoint the Director as a Director of the Company or an affiliate or Resignation; (ii) in the case of a key employee, the termination of the employment of the key employee, with or without cause, by the Company or an affiliate, regardless of whether such termination was lawful or unlawful, or Resignation; or (iii) in the case of a senior officer, the removal of or failure to re-elect or re-appoint the senior officer as an officer of the Company or an Affiliate or Resignation; in each case, other than due to the death or Disability of an RSU Participant.

“Resignation” means the cessation of Board membership (in the case of a Director) or employment (in the case of a senior officer or key employee) of an RSU Participant with the Company or an affiliate as a result of resignation.

Dividends

Subject to the absolute discretion of the Board, in the event that a dividend (other than a stock dividend) is declared and paid by the Company on Common Shares, the Board may elect to credit each RSU Participant with additional RSUs.

Redemptions

The Board may elect to issue cash or Common Shares, or any combination thereof, to redeem RSUs owned by an RSU Participant within fifteen (15) days of the RSU Participant’s “Redemption Date”. Where the Board does not specify a payment method, the form of payment shall be in cash.

A Redemption Date is the date of the expiry of the Restricted Period for such RSUs, or such Deferred Payment Date as the RSU Participant holding such RSUs has elected in respect thereof.

The number of Common Shares issued to an RSU Participant on each Redemption Date will be equal to the number of RSUs that the RSU Participant is entitled to redeem in Common Shares on such Redemption Date less the number of Common Shares required to pay any applicable withholding taxes. Fractional Common Shares shall not be issued, but the RSU Participant will receive the equivalent value of such fractional Common Share in cash, less any applicable withholding taxes. Where the Board elects to redeem an RSU Participant’s RSUs in cash, the cash payment will be based on the five-day VWAP of the Company’s Common Shares on the TSX prior to the Redemption Date, less any applicable withholding taxes.

In the event of the death or disability of an RSU Participant prior to the redemption of their RSUs, whether or not the Restricted Period applicable to such RSUs has expired, the RSU Participant’s RSUs shall be
redeemed with a cash payment, an issuance of Common Shares or a combination thereof, at the discretion of the Board, which shall be made to the RSU Participant, or the RSU Participant’s estate, on or about the thirtieth (30th) day after the Company is notified of the death or disability of the RSU Participant.

Deferred Payment Date

RSU Participants may elect to defer the receipt of all or any part of their entitlement to the Redemption Value of their RSUs until a Deferred Payment Date, provided that: (i) where an RSU Participant’s Separation Date occurs after the expiry of the Restricted Period relating to RSUs awarded to such RSU Participant but before the Deferred Payment Date elected by the RSU Participant for such RSUs, such Separation Date shall be deemed to be such RSU Participant’s Deferred Payment Date for such RSUs; (ii) in no event may an RSU Participant elect a Deferred Payment Date in respect of RSUs awarded to such RSU Participant that is later than December 15 of the third (3rd) year following the year of the services in respect of which such RSUs were awarded, and if an RSU Participant should so elect, such RSU Participant will be deemed to have elected as the Deferred Payment Date December 15 of the third (3rd) year following the year of services in respect of which such RSUs were awarded; and (iii) RSU Participants who elect a Deferred Payment Date must give the Company written notice of such Deferred Payment Date not later than sixty (60) days prior to the expiration of the Restricted Period. RSU Participants may change a Deferred Payment Date by providing written notice to the Company not later than sixty (60) days prior to the Deferred Payment Date.

Amendment, Suspension, or Termination of RSU Plan

The Board may, in its sole discretion, at any time and from time to time: (i) amend or suspend the RSU Plan in any way in whole or in part, (ii) amend or discontinue any RSUs granted under the RSU Plan in any way, and (iii) terminate the RSU Plan, without prior notice to or approval by any RSU Participants or shareholders of the Company, subject to the provisions below.

No modification or amendment to the following provisions of the RSU Plan shall be effective unless and until the Company has obtained the approval of the shareholders of the Company in accordance with the rules and policies of the TSX (or other applicable stock exchange):

(a) the number of Common Shares reserved for issuance under the RSU Plan (including a change from a fixed maximum number of Common Shares to a fixed maximum percentage of Shares);
(b) the definition of “Participant” or the eligibility requirements for participating in the RSU Plan, where such amendment would have the potential of broadening or increasing insider participation;
(c) the extension of any right of an RSU Participant under the RSU Plan beyond the date on which such right would originally have expired, which benefits an Insider of the Company;
(d) any amendment to permit RSUs to be transferred other than for normal estate settlement purposes;
(e) a change in the insider participation limits of the RSU Plan which would result in shareholder approval being required on a disinterested basis; or
(f) the terms of the amendment provisions of the RSU Plan.

If the Board terminates the RSU Plan, no new RSUs will be credited to the account of an RSU Participant but previously credited RSUs shall be redeemed in accordance with the terms and conditions of the RSU Plan existing at the time of termination. Termination of the RSU Plan shall not affect the ability of the Board to exercise the powers granted to it hereunder with respect to RSUs granted under the RSU Plan prior to the date of such termination.
**Common Shares Issuable under the Stock Option Plan, DSU Plan and RSU Plan**

As at January 11, 2022, the Company had 387,541,807 Common Shares issued and outstanding. Accordingly, a maximum of 38,754,180 Common Shares were available for issuance (representing 10% of the issued and outstanding Common Shares) pursuant to options, DSUs and RSUs granted under the Stock Option Plan, DSU Plan and RSU Plan, respectively, as at such date.

As at January 11, 2022, there were 17,466,250 options granted and outstanding under the Stock Option Plan (representing 4.5% of the issued and outstanding Common Shares), 475,000 DSUs awarded and outstanding under the DSU Plan (representing 0.1% of the issued and outstanding Common Shares) and 1,325,000 RSUs awarded and outstanding under the RSU Plan (representing 0.3% of the issued and outstanding Common Shares), leaving 19,487,930 Common Shares (representing 5.0% of the issued and outstanding Common Shares) available for grant of further options, DSUs and RSUs. The DSU Plan separately provides that the maximum number of Common Shares which may be issued in connection with the redemption of DSUs granted under the DSU Plan shall be 1,750,000 Common Shares, of which none have been redeemed. Accordingly, up to 1,275,000 DSUs are available for grant under the DSU Plan as at January 11, 2022, representing 0.3% of the issued and outstanding Common Shares.

**Burn Rate**

In accordance with the requirements of Section 613 of the TSX Company Manual, the below table sets out the burn rate of the options, RSUs and DSUs as of the end of the financial year ended August 31, 2021 and for the two preceding financial years. The burn rate is calculated by dividing the number of options granted under the Company’s Stock Option Plan by the weighted average number of securities outstanding for the applicable financial year. The RSU Plan and DSU Plan become effective during the year ended August 31, 2021.

**C. Performance Graph**

The following graph and table compare the yearly percentage change in the cumulative total shareholder return of the Common Shares for the period from September 1, 2016 to August 31, 2021 with the cumulative total return of the S&P/TSX Composite Total Return Index for the same period. The graph and table assume $100 invested in Common Shares on August 31, 2016 and in the S&P/TSX Composite Total Return Index, which assumes dividend reinvestment.
**Cumulative Total Return on $100 Investment**

There is no direct correlation between the market performance of the Common Shares and executive compensation except that any increase in the market price of the Common Shares will increase the value of any options held by the relevant executives. The CGN Committee and the Board generally evaluate performance by reference to the achievement of corporate objectives rather than by short term changes in the Common Share price, which typically has in the past been significantly influenced by overall economic, market and industry conditions. Indirectly, however, the Board determined that there would be no salary increases for the Named Executive Officers in 2021, in recognition of the then current financial situation of the Company and the overall depressed nature of the junior resource sector in Canada. See discussion under “Base Salary and Bonus” above for further details.

Notes:
(1) These amounts represent the “grant date fair value” of RSUs granted to the respective Named Executive Officer, which have been determined based on the five-day VWAP of the Common Shares on the TSX prior to the date the RSUs were awarded.
(2) These amounts represent the “grant date fair value” of options granted to the respective Named Executive Officer, which have been determined by using the Black-Scholes model: a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the Common Shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for Option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.
(3) The Company does not have a pension plan.
(4) Mr. Bubar does not receive any additional compensation for serving as a director of the Company.

E. Employment Contracts

Bubar Employment Agreement

Notes:
(1) This director compensation table does not include information for Donald Bubar, who is both a director and a Named Executive Officer. The compensation paid to Mr. Bubar for the financial year ended August 31, 2021 has been reflected in the Named Executive Officer “Summary Compensation Table”. The Company did not pay any additional compensation to Mr. Bubar for serving as a director of the Company.
(2) These amounts represent the “grant date fair value” of DSUs granted to the respective director, which have been determined based on the five-day VWAP of the Common Shares on the TSX prior to the date the DSUs were awarded.
(3) These amounts represent the “grant date fair value” of options granted to the respective director, which have been determined by using the Black-Scholes model, a mathematical valuation model that ascribes a value to an option based on a number of factors in valuing the option-based awards, including the exercise price of the option, the price of the underlying security on the date the option was granted, and assumptions with respect to the volatility of the price of the underlying security and the risk-free rate of return. Calculating the value of options using this methodology is very different from a simple “in-the-money” value calculation. In fact, options that are well out-of-the-money can still have a significant “grant date fair value” based in a Black-Scholes valuation, especially where, as in the case of the Company, the price of the Common Shares underlying the option is highly volatile. Accordingly, caution must be exercised in comparing grant date fair value amounts with cash compensation or an in-the-money option option value calculation. The same caution applies to the total compensation amounts shown in the last column above, which are based in part the grant date fair value amounts set out in the column for option-based awards. These values are consistent with the accounting values used in the Company’s financial statements. The Company selected the Black-Scholes model given its prevalence of use within North America.
(4) The Company does not have a non-equity incentive plan.
(5) The Company does not have any pension plans.
(6) The Company does not have any other benefit plans for its directors.
(7) Mr. Yesno became a director of the Company on December 29, 2021.

Compensation of Directors

During the financial year ended August 31, 2021, directors of the Company (excluding Donald Bubar, who is an officer of the Company) are paid a base yearly fee of $5,000.

Directors are also reimbursed for their out-of-pocket expenses incurred in attending Board and committee meetings.

The directors are indemnified by the Company against all costs, charges and expenses reasonably incurred by such director in respect of any action or proceeding to which such director is made a party by reason of being a director of the Company, subject to the limitations in respect thereof contained in the Act.

The CGN Committee of the Board has implemented a process for periodically assessing the effectiveness of the Board as a whole, as well as its committees and individual directors. As part of the assessment process, each director receives a comprehensive survey which covers, among other matters, the overall functioning of the Board and each Board committee, including its composition, structure and processes; the management structure and reporting functions; the Company’s strategic direction and commitment to sustainability; the Board’s operational oversight, the Board’s relationship with management; and other relevant aspects of the Board’s responsibilities and processes. The completed surveys are then compiled into a report which is provided to the CGN Committee. The CGN Committee reviews the results of the Board surveys and puts forward any recommendations it feels
If assessments are not regularly conducted, describe how the board satisfies itself that the board, its committees, and its individual directors are performing effectively.

The report, along with the recommendations of the CGN Committee, is then presented to the Board for further discussion.

Historically, Board effectiveness has been assessed by the Board as a whole, considering the operation of the committees of the Board, the adequacy of information provided to the directors, the quality of communication between the Board and management and the historic growth and performance of the Company. The Board last undertook a formal assessment process in the 2015 financial year.

10. Director Term Limits and Other Mechanisms of Board Renewal

Disclose whether or not the issuer has adopted term limits for the directors on its board or other mechanisms of board renewal and, if so, include a description of those director term limits or other mechanisms of board renewal. If the issuer has not adopted director term limits or other mechanisms of board renewal, disclose why it has not done so.

The Company has not adopted term limits for directors. The Company believes that in taking into account the nature and size of the Board and the Company, it is more important to have relevant experience than to impose set time limits on a director's tenure, which may create vacancies at a time when a suitable candidate cannot be identified and as such would not be in the best interests of the Company. In lieu of imposing term limits, the Company regularly encourages sharing and new perspectives through regularly scheduled Board meetings, meetings with only independent directors in attendance, as well as through continuing education initiatives. The CGN Committee is responsible for analyzing the skills and experience necessary for the Board and evaluating the need for director changes to ensure that the Company has highly knowledgeable and motivated Board members, while ensuring that new perspectives are available to the Board.
### 11. Audit Committee

The audit committee should be composed entirely of independent directors and should have a specifically defined mandate.

The Board has an Audit Committee composed of three directors (Mr. Ferry, Mr. Fisher and Ms. Spink), each of whom is independent. A copy of the Audit Committee Charter can be found on the Company’s website. Additional information regarding the Audit Committee is contained in the Company’s Annual Information Form for the year ended August 31, 2021 (the “AIF”) under the heading “Audit Committee Information”. The AIF is available under the Company’s profile on SEDAR at www.sedar.com. The audit committee met four times during the 2021 financial year.

### 12. Diversity Disclosure

Disclose whether the issuer has adopted a written policy relating to the identification and nomination of members of designated groups for directors. If the issuer has not adopted such a policy, disclose why it has not done so.

The Company has not adopted a written policy on the identification and nomination of members of designated groups for executive officers/members of senior management or directors, or a target for the number of persons in these roles. The Company currently has six directors and three executive officers/members of senior management, two of whom identify as women (being 33% of the six directors and 0% of the three executive officers, respectively). One of the Company’s directors identifies as being an Indigenous person. None of the Company’s Directors or Senior Officers identify as disabled or a member of a visible minority.

Disclose whether and, if so, how the board or nominating committee considers the level of representation of members of designated groups on the board in identifying and nominating candidates for election or re-election to the board. If the issuer does not consider the level of representation of members of designated groups on the board in identifying and nominating candidates for election or re-election to the board, disclose the issuer’s reasons for not doing so.

The Company does not believe that quotas, strict rules or targets necessarily result in the identification or selection of the best candidates for directors or officers of the Company. However, it is mindful of the benefit of diversity in the workplace and on the Board, and the need to maximize its effectiveness and the effectiveness of the Board and the Board’s decision-making abilities. The CGN Committee is committed to a merit-based system for Board composition, with an aim to retain the most qualified candidates for the applicable position. The CGN Committee and the Board are also committed to equality of opportunity and take...
